## Activities that Both Occupations Have in Common

Similarity of Focus Occupation to Associated Occupation: 84

Focus Occupation: Veterinarians (29-1131)

Associated Occupation: Veterinary Technologists and Technicians (29-2056)

Work Activities	Exclusivity of Activity
Administer injections	60
Administer medications or treatments	46
Analyze medical data	57
Communicate technical information	4
Draw blood	74
Follow infectious materials procedures	52
Identify animal species	82
Make presentations on health or medical issues	50
Observe patient condition	48
Position patient for therapy	70
Use animal disease control techniques	82
Use knowledge of medical terminology	40
Use sanitation practices in health care settings	48

Not all positions in these occupations will necessarily perform all of the listed activities. The exclusivity rating is an indication of how unique the activity is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations engage in that activity.

## Tools and Technologies that Both Occupations Have in Common

Similarity of Focus  
Occupation to Associated  
Occupation: 93

**Focus Occupation: Veterinarians (29-1131)**

**Associated Occupation: Veterinary Technologists and Technicians (29-2056)**

Tools and Technologies	Exclusivity
Acute care monitoring units and related products	22
Airway management products	30
Anesthesia apparatus and accessories and supplies	47
Animal laboratory equipment and accessories	80
Autoclave and sterilizer equipment and accessories	12
Business function specific software	1
Cameras	2
Casting and splinting supplies	25
Clinical and diagnostic analyzers and accessories and supplies	18
Computers	1
Content authoring and editing software	1
Data management and query software	1
Dental and subspecialty instruments and devices	37
Dental fillers and finishing and polishing supplies	47
Dental imaging equipment and supplies	47
Emergency medical services resuscitation products	15
Enema administration supplies	31
Enteral feeding equipment and supplies	43
Face and head protection	7
Firearms	35
Harness goods	47
Hydrotherapy products	33
Indicating and recording instruments	2
Industry specific software	1
Information exchange software	1
Intravenous and arterial cannulas and catheters and accessories	29
Intravenous and arterial infusion bags and containers and related products	62
Intravenous and arterial tubing and administration sets and related products	22
Intravenous infusion pumps and its analyzers and sensors and its accessories	31
Intubation supplies	21
Laboratory centrifuges and accessories	13
Laboratory microscope slides and supplies	20
Light and wave generating and measuring equipment	4
Medical computed tomography CT or CAT systems and related products	27
Medical diagnostic x ray products	26
Medical imaging processing equipment and supplies	33
Medical linear accelerators and related products	62
Medical magnetic resonance imaging MRI products	33
Medical radiation detection or monitoring products	31
Medical radiological shielding and protection products	31

Medical staff clothing and related articles	17
Medical ultrasound and doppler and echo imaging products	19
Network applications software	1
Ophthalmic diagnostic exam products	27
Oxygen therapy delivery systems and devices	13
Patient point of care testing supplies and equipment	23
Periodontal equipment and supplies	62
Pipettes and liquid handling equipment and supplies	16
Positive mechanical pressure ventilators and accessories	31
Poultry and livestock equipment	33
Presterilization cleaning equipment and solutions	24
Pulse oximeters	18
Respiratory monitoring products	29
Resuscitation supplies	29
Safety apparel	4
Scopes and specula and accessories for medical exam diagnostic use	23
Specimen collection and transport containers and supplies	14
Stethoscopes and related products	14
Surgical cutting instruments and snares and related products	24
Surgical equipment and accessories and related products	23
Surgical measuring devices and related products	70
Surgical retractors and related products	43
Suture and related products	23
Syringes and accessories	14
Urological supplies	40
Veterinary equipment	40
Viewing and observing instruments and accessories	4
Weight measuring instruments	7

Not all positions in these occupations will necessarily use all of the listed tools and technologies. The exclusivity rating is an indication of how unique the tool or technology is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations use that tool or technology.
